UNPLANNED ELECTRICITY OUTAGES IN ZAMDELA

Metsimaholo Local Municipality regrets to inform residents of Zamdela about ongoing unplanned electricity outages affecting several areas, including:

- Area around stand 19747
- Area around stand 10379
- Area around stand 6160

The recent heavy rains and lightning strikes have caused significant damage to electrical infrastructure, including broken transformer fuse units. Due to these unforeseen circumstances, our Electrical Department has been unable to restore power overnight.

Our team will begin repairs early tomorrow morning, **Thursday, 06 February 2025**, to replace the damaged equipment and work toward full power restoration as soon as possible.

We sincerely apologize for the inconvenience and appreciate your patience during this time.
