Planned Electricity Interruption in Deneysville – Eskom Maintenance Alert

Metsimaholo Local Municipality hereby informs all residents and businesses in Deneysville of a planned electricity supply interruption, as communicated by Eskom. This interruption is necessary to carry out critical maintenance work at the substation supplying power to the area and is part of efforts to ensure long-term stability, safety, and efficiency of the electrical network.

The scheduled power outage will take place on **Tuesday, 12 August 2025**, from **08:30 to 19:00**. During this time, electricity supply to Deneysville will be interrupted. Residents are cautioned that electricity may be restored at any time during the outage period without prior notice. As such, all electrical appliances and installations must be treated as live and dangerous throughout the interruption.

Metsimaholo Local Municipality apologises for any inconvenience caused by this planned outage and appeals for the community's understanding and cooperation as Eskom undertakes these necessary maintenance operations to improve service delivery in Deneysville.
