URGENT PUBLIC NOTICE: UNPLANNED ELECTRICITY OUTAGE AFFECTING VAALPARK

Dear Residents of Vaalpark,

We wish to inform you of an unplanned electricity outage currently affecting your area due to unforeseen technical faults in Eskom's Medium Voltage (MV) panels. The fault was sudden and beyond our control, and we understand the inconvenience this disruption may cause to your daily routines.

Eskom technicians are on-site and have already identified the source of the fault. Immediate repair efforts are underway, and every resource is being deployed to expedite the restoration process. The estimated time for electricity restoration is approximately **five hours**, barring any further complications.

We sincerely apologize for the inconvenience and appreciate your patience and understanding as the repair teams work diligently to restore electricity. We will continue to provide timely updates as new information becomes available.

Your safety remains our top priority. Please treat all electrical appliances as live during this period.

Thank you for your cooperation.
